IT IS ORDERED that Kentucky Cellular, Inc. ("Kentucky Cellular") shall file an original and ten copies of the following information. The information requested is due no later than August 5, 1988. If the information cannot be provided by this date, you should submit a motion for an extension of time stating the reason a delay is necessary and include a date by which it will be furnished. Such motion will be considered by the Commission.

1. The application indicates that only one cell site is planned, however Exhibit B, which contains the original FCC application, indicates that two cell sites were planned. Cell site 1 was to be located in Winkler Road in Philpot, Kentucky. Cell site 2 was on State Road 54 in Sorgho, Kentucky. Exhibit H is a modification to the FCC application which provides for relocation of cell site 2 to Rudy Road in Owensboro, Kentucky. A lease agreement for this property is in Exhibit I. Exhibit J is a

map of the proposed cellular system and shows only the Rudy Road cell site, but now labelled as cell 1.

Please clarify the situation with respect to these cell sites. If the original plans for the cell site in Philpot, Kentucky, have been abandoned, please provide a copy of the notice or modification provided to the FCC. If these plans have not been abandoned but simply delayed, with the intention to request construction approval at a later time, please so state.

Done at Frankfort, Kentucky, this 20th day of July, 1988.
